

Book of Mormon Tunic Pattern

Need 2 Yards of Fabric

Fold in half width wise. Measure from hip to hip to see how wide to cut it. Cut the fabric. Fold the fabric in half, length wise and measure the middle of the fabric and cut a circle for your head. The left over fabric that was cut off may be used for a belt if you want. Depending on your fabric type, you may want to hem the edges.

Check out YouTube Nephite Fashion guide for boys. Fun ideas!
